MESSAGE

Dr. Harvansh Singh Judge Institute of Dental Sciences and Hospital being one and the only public interface of Panjab University is a prestigious establishment. It strives to create, integrate and disseminate knowledge, as well as develop expertise related to medical and oral health sciences. In addition to robust research facilities and a focus on interdisciplinary and multidisciplinary methodologies, the Institute offers an excellent setting with a focus on patient-centred practical knowledge.

Panjab University has a long-standing tradition of meeting societal needs, and it is encouraging to see that the Dental Institute is promoting direct outreach activities to society in the form of quality oral health care and community outreach programs that range from educational to preventive and interceptive. Moreover, it provides services to the underprivileged who often neglect their oral health the most.

The three key elements that are vital for success are dedication, devotion, and determination to one's course of study and profession. I encourage you to pursue your passion for dentistry with wholeheartedness and dedication.

At the Dr. Harvansh Singh Judge Institute of Dental Sciences and Hospital, the PU motto of "Tamso Ma Jyotirgamaya" (from darkness to light) is followed closely. It is heartening to see that the students at this Institute are exposed to this art of dispelling darkness through knowledge, thereby paving the way for a brighter future.

The Institute aims to provide quality and affordable dental treatment in various specialties, conduct research projects, outreach programs to enhance oral health awareness, and provide clinical and didactic training as part of the teaching curriculum.

I extend a warm welcome to all young and aspiring dentists who have all been selected from among a large pool of talented and deserving candidates to join our Dental Institute and I am confident that you will all add value and enrich our community with your diverse backgrounds and perspectives. I am excited to witness your growth and success in the years to come. I wish you all the very best for your academic journey and hope that you will make the most of this opportunity.

(Renu Vig)

MESSAGE

Prof. Deepak Kumar Gupta
Principal-cum-Professor

Dear Prospective Students,

It gives me immense pleasure to welcome you to the Dental Institute at Panjab University, Chandigarh for MDS (Master of Dental Surgery) programme for admission session 2024-25. Our institute stands as a beacon of excellence in dental education and research, offering a transformative learning experience to aspiring dental professionals. The institution has a rich legacy and we are delighted to offer you the opportunity to be a part of our academic community.

The MDS program at Dental Institute is designed to provide comprehensive training in various specialties of dentistry, equipping students with the knowledge, skills, and clinical expertise necessary for a successful career in dental practice, academia, or research.

At Panjab University's Dental Institute, we are committed to nurturing talent and fostering innovation in the field of dentistry. Our MDS program is designed to equip students with advanced knowledge, clinical skills, and research capabilities necessary to excel in today's dynamic healthcare landscape.

Here are some compelling reasons to choose our MDS program:

1. **Academic Excellence:** Our faculty comprises highly experienced professors and clinicians who are leaders in their respective specialties. They provide comprehensive training and mentorship to our students.
2. **State-of-the-Art Facilities:** Our institute boasts modern dental clinics, laboratories, and research facilities that are equipped with the latest technology and instruments, enabling hands-on learning and skill development.
3. **Research Opportunities:** We encourage a culture of research and innovation. Students have the opportunity to engage in research projects under the guidance of esteemed faculty members, contributing to advancements in dental science.
4. **Clinical Exposure:** Through our affiliated hospitals and clinics, students gain extensive clinical exposure, treating diverse patient populations under supervision, which enhances their clinical competency.
5. **Holistic Development:** Apart from academics, we emphasize the holistic development of our students. Various extracurricular activities, workshops, and seminars are organized to enhance leadership, communication, and teamwork skills.
6. **Strong Alumni Network:** Our alumni network spans across the globe, with graduates excelling in various domains of dentistry. This network provides valuable support and opportunities for our current students.

I invite you to be a part of our vibrant academic community and embark on a journey towards a successful career in dentistry. Your decision to pursue MDS at Panjab University will undoubtedly open doors to a world of opportunities and professional growth.

We look forward to welcoming you to Panjab University's Dental Institute and guiding you towards a fulfilling and rewarding career in dentistry. Wishing you all the best for your academic pursuits and future endeavors.

(Deepak Kumar Gupta)

ABOUT THE INSTITUTE

DR HARVANSH SINGH JUDGE INSTITUTE OF DENTAL SCIENCES & HOSPITAL
Established in April 2006, the Dr Harvansh Singh Judge Institute of Dental Sciences and Hospital is a premier institute for dental education and research in India. Located in Chandigarh, it is affiliated to the Panjab University and is recognized by the Dental Council of India.

The Institute offers a wide range of undergraduate and postgraduate programs in dentistry, with a focus on practical learning and research. The curriculum is designed to provide students with a strong foundation in the basic sciences, along with hands-on training in clinical dentistry. The Institute boasts of state-of-the-art infrastructure and modern equipment.

One of the major strengths of the Dr Harvansh Singh Judge Institute of Dental Sciences and Hospital is its highly qualified and experienced faculty. The faculty members are not only experts in their respective fields but are also committed to providing the best education and training to their students. The Institute also invites renowned dental professionals from all over the world to share their knowledge and expertise with the students, keeping them abreast of the latest developments and techniques in the field.

Apart from academic excellence, the Institute also places great emphasis on community service and outreach programs. The students and faculty are actively involved in conducting dental camps and awareness programs in rural and underserved areas, providing much-needed dental care to the underprivileged sections of society. This not only helps in spreading awareness about oral health but also instills a sense of social responsibility in the students.

The Dr Harvansh Singh Judge Institute of Dental Sciences and Hospital has also made significant contributions to dental research, with its faculty and students being involved in various projects and publications. The Institute has collaborations with national and international organizations, providing opportunities for students and faculty to participate in research programs and conferences.

In addition to academic and research activities, the institute also organizes various extracurricular events and activities to promote an all-round development of its students. These include sports competitions, cultural events, and seminars, which help in fostering a sense of camaraderie and teamwork among the students.

According to the latest India Today Best Dental College Survey 2020-2023-College ranks 17th amongst Government Institution and 23rd overall and according to 'The Week'-Hansa Best College Survey 2020-2023, the Institute was ranked 17th best in All India Dental College Survey and 10th best in All India Govt. Dental College Survey. NIRF 2023 ranking placed our Institute at the 34th positions in country and 13th amongst Govt. Dental Institute.

The Institute continues to produce skilled and compassionate dental professionals who are making a positive impact on society.

ABOUT POST GRADUATE DEPARTMENTS

DEPARTMENT OF CONSERVATIVE DENTISTRY AND ENDODONTICS

The Department of Conservative Dentistry and Endodontics at our college stands as a beacon of excellence in the realm of dental education and clinical practice. With a steadfast commitment to the preservation of natural teeth, our department excels in advanced restorative techniques and endodontic procedures. Since its inception in 2006 and the introduction of our postgraduate program in 2015, we have consistently delivered top-tier education and patient care. The mission of our department is to promote health care, provide education on par with international standards and pursue excellence in patient management.

Academic and Clinical Training:

Our department offers a rigorous academic curriculum that includes comprehensive courses in dental anatomy, pathology, and biomaterials. Students will learn the latest techniques in restorative, endodontic as well as esthetic procedures. The curriculum is designed to provide a strong foundation in both theoretical knowledge and practical skills.

The students are trained under the watchful guidance and expertise of the competent faculties. Students receive extensive hands-on training in state-of-the-art clinical facilities. Under the supervision of experienced faculty, they will perform a variety of restorative and endodontic procedures, including root canal treatments, pulp therapy, and the management of dental trauma. This practical experience is crucial in developing the dexterity and confidence needed for a successful career in dentistry. The integration of digital dentistry into the curriculum ensures that our graduates are proficient in the most current and innovative practices.

The Department has well equipped air-conditioned Post graduate clinic with electrically operated dental chairs with digital X-ray and microsurgical facilities in addition to other important facilities related to the curriculum.

We provide a plethora of treatments ranging from direct and indirect tooth restorations, vital and non-vital Bleaching, esthetic veneers, non-surgical and surgical root canal treatment, re-treatment of failed endodontically treated teeth, aesthetic rehabilitation, smile designing and surgical endodontics with state-of-the-art infrastructure using LASERS and Dental Operating microscopes.

Research Opportunities:

We encourage students to engage in research projects that explore new materials, techniques, and treatments in conservative dentistry and endodontics. Our department offers numerous opportunities for students to participate in cutting-edge research, often leading to publications in reputable dental journals and presentations at national and international conferences.

Professional Development:

In addition to clinical and academic training, we place a strong emphasis on professional development. Students will participate in workshops, seminars, and continuing education programs to stay abreast of the latest advancements in the field. A significant number of workshops have been conducted in association with the specialty association, IACDE as well as other leading organizations from the industry.

Our Department of Conservative Dentistry and Endodontics is committed to fostering excellence in dental education, research, and clinical practice, preparing the next generation of dentists to excel in their professional endeavors.

STUDENT PERSPECTIVES

Department of Conservative Dentistry and Endodontics offers well-equipped facilities and the latest materials to ensure high-quality patient care. Under the guidance of experienced faculty members, the clinical curriculum is designed to expose us to a wide range of cases, allowing us to develop proficiency in various dental procedures, including complex cavity preparations, regenerative endodontic procedures, surgical endodontics, managing dental trauma, and more. The emphasis on patient-centred care and ethical practice was evident throughout our clinical training. We had access to a vast array of resources, including libraries, journals, and research laboratories, to support our academic pursuits and to publish findings in reputed journals. Through scientific conventions and conferences, we had opportunities to present our work and engage with peers and experts in the field. The combination of comprehensive preclinical and clinical training, robust research opportunities, and diverse workshops and courses prepared me well for a successful career as an endodontist. I am grateful for the support and guidance provided by the department, and I would highly recommend it to prospective students seeking a quality education in this field.

Dr. Aparna Pandey, Batch 2019

Our dental careers were guaranteed a solid start thanks to the curriculum's planned approach, with focus on clinical work. We provided a wide range of treatments, including diagnosis and treatments planning, restorative dentistry, root canal treatments, fixed prosthesis, veneers and endodontic surgeries. The department's dedication for case discussions in journal clubs, seminars on core and new advancements in our field and encouragement to attend and participate in various conferences, gave us ability to provide our patients with best possible treatment and prosper in the current competitive environment. Additionally, we were fortunate to have department faculty members that encouraged us to think creatively, bringing out the best in us.

Dr. Tripat Jot Kaur, Batch - 2020

ORAL & MAXILLOFACIAL PATHOLOGY AND ORAL MICROBIOLOGY

The Department of Oral & Maxillofacial Pathology and Oral Microbiology is an integral part of Dr Harvansh Singh Judge Institute of Dental Sciences & Hospital which is dedicated to advancing knowledge in diagnosing, managing, and preventing oral diseases. Through its comprehensive academic programs, clinical services, research, and dedicated faculty and staff, the department is committed to improving the oral health of our community and advancing the science of oral pathology and microbiology.

Mission: To advance knowledge in oral pathology and oral microbiology and provide exceptional education, research, and clinical care to improve the oral health of our community and beyond.

Vision: To be a leading center for oral pathology and oral microbiology, renowned for our innovative research, groundbreaking clinical applications, and exceptional student training.

The department offers a Master's program since 2017 (with an intake of 3 Postgraduates per academic session) to prepare students for careers in oral health care. It also offers clinical services for Oral Biopsy and Diagnosis by providing a definitive diagnosis of oral lesions, including benign and malignant tumors, and Maxillofacial Pathology by diagnosing diseases affecting the jaws, facial bones, and surrounding tissues. The department is also actively engaged in a wide range of research projects, focusing on improving the diagnostic modalities for oral squamous cell carcinoma; age and gender estimation employing various odontometric and other oral parameters; studying the role of oral microorganisms in oral pathological diseases; and developing new diagnostic tools and technologies for early detection and accurate diagnosis of oral diseases.

The department houses state-of-the-art facilities that include: a Histopathology Laboratory equipped with the latest technology for tissue processing, staining, and microscopic analysis; a Clinical Microscopy Laboratory that provides on-site diagnostic services for oral biopsy specimens and a Tissue Bank for maintaining a collection of oral tissue specimens for research and educational purposes. The department's faculty and staff are highly accomplished individuals with extensive experience in oral pathology and microbiology. They are actively involved in teaching, research, and clinical care, and are dedicated to providing the highest level of education and patient care.

STUDENT PERSPECTIVES

Dr. HSJIDS is an amazing Institute for BDS and MDS courses. This college has a real world, hands-on approach to teaching, which gives its students invaluable life skills and professional growth opportunities. I am so grateful for the knowledge I have gained from my mentors Dr Shally Gupta, Dr Anubha Gulati and Dr Simranjit Singh during MDS in the Department of Oral & Maxillofacial Pathology and Oral Microbiology. After 3 years of course, I am working as an Assistant Professor in MMCDSR, Mullana, Ambala. I want to give a big thank you to everyone at Dr. HSJIDS for giving me a wonderful experience at the dental school.

Dr Amberpreet Kaur Khangura, MDS Batch 2018-21

I consider it a great privilege that I completed my postgraduate study in the Department of Oral & Maxillofacial Pathology and Oral Microbiology at Dr. Harvansh Singh Judge Institute of Dental Sciences."The sojourn I embarked upon, was fueled by the unflinching support of my teachers and beloved institution. I consider myself blessed to have learned under the foremost and best teachers in the field. The time spent here was splendid and has helped me to grow better personally and professionally. This is one such place and I shall forever be grateful and proud that I am an alumnus of the Department of Oral & Maxillofacial Pathology and Oral Microbiology and of Dr. Harvansh Singh Judge Institute of Dental Sciences.

Dr. Tanvi Handa (Gold medalist) Batch 2019-22

DEPARTMENT OF ORTHODONTICS & DENTOFACIAL ORTHOPEDICS

There should be nothing artificial about your smile and orthodontics along with dentofacial orthopedics does the same. The Department of Orthodontics and Dentofacial Orthopaedics, of Dr Harvansh Singh Judge Institute of Dental Sciences & Hospital is one of the best Orthodontic departments in the tricity area of Chandigarh, Mohali and Panchkula. One of the major difference viz a viz other dental departments is that teeth are not seen as individuals units but as an integral part of the jaw and face scientifically and integral part of personality of an individual, socially.

The department is providing treatment at a very nominal cost despite being located near the heart of the city beautiful Chandigarh. It caters to the patients having problems of irregular teeth, crooked teeth, spacing between teeth, bad bite, cleft lip and palate and also patients having skeletal problems. The department is offering orthodontic treatment by incorporating all the latest methods / techniques available such as PEA (Pre-adjusted Edgewise appliance), Ceramic (aesthetic braces), Self-ligating systems, Clear Aligners therapy (CAT) Lingual (invisible braces), Micro implants and correction of Jaw problems by growth modulation techniques and/or orthographic surgeries as per the individual need.

The department is catering to the patients coming from periphery of tricity area of Chandigarh, Panchkula and Mohali i.e as far as 30 km radius of Chandigarh. Further, the department has many outstation patient as far as Delhi, Himachal, Haryana and Punjab. At present, the department has more than 1000 running cases of comprehensive orthodontic treatment. Recently department has seen a surge in adult orthodontic cases being reported which speaks volumes about the awareness being present in the surrounding areas.

The department is well equipped with 29 ultra-modern electronically operated dental chairs with light cure units and scalers attached. The department has Hydro soldering unit and pressure moulding machine for super specialty work.

The department started post-graduation (MDS) in the year 2015 with intake of three students every year. The department has well equipped Cephalometric-tracing area along with Nemoceph software for treatment planning, fully audiovisual ready seminar room cum department library, PG common room and systematic record maintenance zone including readily retrievable digital photographs, study models and radiographs of the patients. Being part of Panjab University the students can also, take advantage of Interdisciplinary research by collaborating with various other departments of universities more so by utilizing state of art equipment and infrastructure available pan university. Further, the department is providing teaching/clinical training to 100 BDS undergraduate students every year, for which the department has best of infrastructure (spacious & well-equipped lecture theatres, orthodontic laboratories and library with internet facility) in the entire region. Lectures are taken with Audio visual aids and constant encouragement for participation in projects pertaining to the subject elsewhere.

The department faculty has high level of publications profile including a patent and copyright grant from Government of India. The faculty strength is further augmented by an Honorary Professor who has been Ex-Chairman of Oral Health Sciences Center of premier institute Post Graduate Institute of Medical Education & Research.

STUDENT PERSPECTIVES

It is my privilege to identify myself as an alumnus of Dr. Harvansh Singh Judge Institute of Dental Sciences and Panjab University. I completed both my undergraduate and postgraduate degrees in Orthodontics from this esteemed institution. My journey at the institute provided me with an exceptional platform to develop professionally and shape my career. The abundant resources, highly qualified staff, and experienced faculty offered me numerous opportunities to learn and grow under

their guidance. The approachable and knowledgeable teachers were always willing to share their expertise and provide assistance to students. With its excellent infrastructure and diverse faculty, the institute fostered a boundless learning environment. The substantial patient flow at the college allowed me to refine my skills and gain valuable clinical experience. As part of Panjab University, I had access to extensive research resources, ranging from basic equipment to advanced machinery, which greatly facilitated my postgraduate research endeavours. In addition to academics, the institution offers a wide range of extracurricular activities. The annual Ignition festival provides a platform for students to showcase their extracurricular talents. My college years were memorable and, in fact, the most enjoyable and prolific period of my life. I am proud to say that I savoured every moment of my time at Dr. Harvansh Singh Judge Institute of Dental Sciences and Hospital.

Dr. Kanish Aggarwal Batch 2015-18

I Dr. Ishata got admission in Dr HSIJDS, Panjab University in the year 2016 and completed my post graduation (Orthodontics & Dentofacial Orthopedics) in the year 2019. Our college provides excellent and qualified faculties. It aims at the overall development of each and every student. I am a proud student and would like to thank all my professors who laid the foundation of clinical understanding and imbibing strong ethics of constant learning and exceeding patient care. I was lucky to get knowledge from great teachers of this institute like Dr. Ashok Utreja sir, Dr. Deepak Gupta sir, Dr. Arun K. Garg sir and Dr. Litesh Singla sir. Whatever I am today the credit goes to this wonderful institute which has not only developed me professionally but also has ameliorated my personality. I am and will always be thankful to this institute, the Honorable teachers and my seniors and colleagues. I got infinite love & lessons from my teachers, their teachers made me do "Work Hard" for the way to success.

Dr. Ishata Batch 2016-19

DEPARTMENT OF PERIODONTICS

The Department of Periodontics at Panjab University has separate undergraduate and postgraduate sections equipped with modern dental chairs fitted with ultrasonic scalers as per Dental Council of India guidelines. Undergraduate students are trained with skills to render non-surgical and preventive periodontal procedures and are introduced to surgical periodontal procedures by observing and assisting as procedures are being performed. Postgraduate students are given opportunity to learn and master a variety of surgical clinical procedures. Practical training in various implant systems and clinical exposure to use of lasers and microsurgical Equipments is being imparted as part of the MDS curriculum.

Key Features

- Advanced surgical equipments like Laser unit, microsurgical unit, electrocautery unit, and centrifuge to procure PRF, implant unit are the additional facilities available in the department.
- Advanced research facilities like PCR, anaerobic chamber, ELISA, CBCT, systems are also available at the institutional level. Few more sophisticated research equipment(Gel Electrophoresis, with power pack, Gradient PCR unit) has been sanctioned to the department from central grants viz SERB, which are further value additions to the institute as a whole.
- The institute is a member of 'CRICK' unit of Panjab university and has multiple inter institute collaborations including IMTECH,PGIMER,GMCH-32 with ongoing projects from Periodontology department. It is one of the spokes in the MHRD sectioned "Design Innovation Centre" of university, with the focused research on the development and testing of biomedical devices. Additionally there are in house inter departmental collaborations with the microbiology, biotechnology, biochemistry and biophysics departments of Panjab University to provide a broader research avenues.
- An MOU with the Central Instruments Laboratory (CIL) and Sophisticated Analytical Instrumentation Facility (SAIF) provides an in-house platform for conducting TEM, SEM, Mass Spectrometry, NMR, electron microscope, and Field Emission Scanning Electron Microscope.
- The department is credit with research funding worth 26,655,000 /- from various research project grants, which sums to equivalent to approximately 90% of the total funding of the institute.

Faculty

The entire faculty (7 members) is involved in teaching undergraduate and post graduate students. The faculty is highly experienced with an experience over 15-25 years along with eight postgraduates at present. Currently, two faculty members have completed PhD course at UGC approved universities .Faculty members are also members of board of studies and various college committees. Some of them are examiners for national and international universities. Many are active members of ISP holding key posts presently or in the past. Two of the faculty members are fellows of International College of Dentists. The faculty members have, in their credit, more than 190 publications in various national and International indexed journals with high impact Factor. Many of the departmental projects have been funded by Government bodies viz ICMR, SERB, DST and industry grants from oral health care sectors e.g waterpik, Orthogen. Some of the areas of research interest are:

- Reperation of soft and hard tissues
- Periodontal Medicine
- Microbiology

- Implants
- Periopathogenesis at molecular level

- Local drug Delivery
- Preventive and nonsurgical periodontal Therapy
- Perio-aesthetic surgeries

Activities and Events

A no. of events and conferences has been arranged at the departmental level from time to time. Most recently, the department has organized 47th ISP National Conference, 1-3 December, 2023 at GNDU auditorium, Amritsar. The conference hosted more than 1500 delegates from all over the country, with scientific deliberations from 5 International Periodontology Associations being the highlight of the scientific event. A few important ones are 22nd ISP PG national convention 2022, Chandigarh, 37th National Annual ISP conference at Shimla, Indo-US Bilateral workshop on 21st Century Developments in Bone Regeneration, CHASCON 2023, National Seminar on Clinical Dentistry (an annual institutional event), 2nd ISP Colloquium 2015, ISP Perio Integrate with hands-on workshop on Implants, Lasers and Peizosurgery. The department of periodontology, in collaboration with department of Public health Dentistry has been actively involved in conducting special events like Oral Hygiene day, Oral Health day, Dentsist's day etc.

STUDENT PERSPECTIVES

I shall always be overwhelmed with gratitude for the incredible support and guidance I have received from the entire faculty in my department about my academic and practical pursuit. I was the part of the Perio family as we call ourselves. First and foremost, I would like to extend my deepest thanks to Dr. Ashish sir, our H.O.D, his words were that if you work hard the department will support you by providing with all the necessary environments and conditions for works. And my esteemed advisors Dr. Vishakha mam, and Dr. Nandini mam, and mentors Dr. Shaveta mam, Dr. Jyoti mam, Dr. Gurprakash sir, Dr. Rose mam your unwavering support, insightful feedback, and continuous encouragement have been instrumental in shaping my thought process, academic excellence and helping me overcome the many challenges along the way. Our department has all the necessary armamentarium for state of art work environment for patients treatment, we desired to learn, daily seminars in an interactive way to clear our confusions if any. The shared achievements and the challenges we overcame together have been some of the most rewarding moments of my journey as a post graduate resident.

Dr. Firasat Hussain MDS Batch 2017-20

Well, if it's about telling about my Periodontology department at HSJIDS, Panjab University, the first line I would like to say is it was my family. Along with a team of wonderful and super intelligent teachers, there was all the modern equipment's including 3D scanner. The way things were taught (both theory and practical) was just the best. The kind of thesis I was given by Dr Ashish Jain sir, actually polished my skills in each possible way because I learned so much from my thesis and when it got published in American journal that was the best ever feeling. Not only theoretical knowledge but all the practicals, surgeries, OPDs was in itself a learning experience since you are working with a plethora of brilliant professors. We got the golden opportunity for organising dental camps in almost all the schools because of our esteemed HOD sir which gave us a lot of clinical exposure. Our department was a hub of knowledge with happiness and health together.

Dr. Suhani Maheshwari MDS Batch 2018-21

DEPARTMENT OF PROSTHODONTICS

The Department of Prosthodontics has been providing quality prosthodontic care since last 10 years with daily OPD attendance of about 80 patients. The Department trains and educates undergraduate students to be competent in treating and managing patients who require comprehensive replacement of missing teeth and associated structures. Post graduate teaching is focussed on foundation knowledge, teaching of the latest techniques and clinical competency to provide quality Prosthodontic care for patients in conjunction with other specialty disciplines. The teaching programme includes extensive clinical and laboratory training of students in the areas of fixed and removable partial dentures, complete dentures, maxillofacial and implant Prosthesis. The program offers exceptional academic exposure and experience to meet the changing needs of a diverse patient population, enhancing knowledge and skills in the area of prosthodontics and implant dentistry.

Key Features:

- Department of Prosthodontics has well equipped Undergraduate and Postgraduate clinics and a separate fully functional Implant clinic with its own RVG unit. The department has a fully equipped pre-clinical laboratory with seating capacity of 200 students at a time, state of the art ceramic lab, chairs with the latest gadgets, and a well maintained inventory for all implant Prosthodontic procedures.
- The clinical aspect of the Postgraduate program is based on the student's knowledge of the research literature and its influence on clinical decisions and spans the full range of prosthodontics. Comprehensive dental care is administered in conjunction with other specialty disciplines, and students are extensively involved with all aspects of the rehabilitation. Digital workflow training for all procedures is given to all students at postgraduate level
- Academic experiences consist of seminars and case presentations conducted with other disciplines and current literature reviews to keep students aware of the changing knowledge base in prosthodontics.
- Symposia and continuing education activities conducted by the department under the banner of PROSTHOPEDIA allow students to interact with world-renowned experts. The recent ones are Prosthopedia 2016, a CDE on Occlusion unveiled and a two day Workshop on sampling techniques in dental research.
- The **Department** covers a wide range of **research** areas including Implant Design, Implant stability and survival, Articulator Programming, Innovations in clinical procedures in fixed and removable prosthodontics. Department has undertaken projects funded by UGC under Major research Project Scheme and DST.
- Department has ten well qualified and experienced faculty members dedicated to advancing students skills in prosthodontics to the highest possible standards.

STUDENT PERSPECTIVES

As an alumnus, I'm grateful for the top-notch department infrastructure, including modern equipment like intraoral scanners, various implant systems, and 3D printers, which prepared us well for professional practice. The curriculum's structured approach, starting with preclinical training and progressing to complex procedures, alongside a focus on academics, ensured a strong foundation for our dental careers. Also we were blessed to have faculty of the department that made sure to bring the best version of us, pushing us to think outside the box and teaching us more than just whats in the books. Proud to be an alum of such a nurturing department of the institute.

Dr. Manisha Khanna, Batch 2020

The department of Prosthodontics and Crown & Bridge in our college is well maintained and equipped with all the latest technologies that help in keeping a step ahead in dentistry. There is a separate post graduate clinic, fully dedicated implant operator and well equipped dental laboratory for the better learning of the students. The students get a vast exposure in a variety of cases including

removal prostheses, fixed prostheses, maxillofacial prostheses, full mouth rehabilitation, implantology, TMJ disorders, etc. The conducive facilities also make the patients more comfortable. The department's dedication to strong academic fundamentals through seminars, journal clubs for exploring the latest technology, and case discussions has empowered us to deliver top-notch care to our patients and thrive in today's competitive landscape. I feel really blessed to have been mentored by truly encouraging and inspiring teachers of our department who dedicatedly work towards students' betterment.

Dr. Neha Verma, Batch 2019

Total	17	10	3	1	1	1	1

ELIGIBILITY CRITERIA

1. The admission to MDS course shall be open to candidates who have qualified NEET-MDS 2024 and are eligible as per eligibility criteria for NEET-MDS 2024 laid down in Information Bulletin for National Eligibility-cum-Entrance Test-MDS for admission to MDS course 2024.
2. As per Dental Council of India guidelines, the minimum percentile of marks to be eligible for admission to postgraduate dental courses shall be 50% percentile for General Category & NRI candidates, 45% percentile for Person with Disability (PwD) and 40% percentile for the candidates belonging to Scheduled Castes/Scheduled Tribes/ Backward Classes (BC).
3. Counseling / Admission shall be conducted by the Admission Committee constituted by the Panjab University for this purpose.
4. Candidates cannot claim a seat/admission on the basis of the NEET-MDS-2024 rank alone. Eligibility of a candidate for admission against any Post Graduate seat will be determined by the Admission Committee, as per rules and regulations laid down by the Panjab University & DCI from time to time. The eligibility shall also be based on other documents as specified in the check list on page No. 28.
5. In case any candidate is found to have furnished false information or certificate, etc. or is found to have withheld or concealed information in his/her Admission Form, he/she shall be debarred from admission.
6. In case any candidate surrenders a seat, he/she will not be eligible to attend subsequent admission counselings for the MDS course in the University in the same year.
7. All eligible candidates including own merit candidates from reserved categories will be considered for admission against general category seats according to their rank/merit in the combined list (as per merit criteria for General Category), in addition to the category/categories they have applied for.
8. For claims on reserved seats/categories wherever applicable, the candidates must support their claim by bringing original documents on the date of counselling (point No. 6 of the schedule) self-attested photocopy of appropriate certificate(s)/ documents issued by competent authority as per specimen given in Annexures to this Prospectus.
9. **The candidate shall not be allowed to make any change(s) in the Category as well as in the Online Application Form, once submitted, by way of any**

addition/ deletion/ alteration/ amendment etc. of any type under any circumstance.

10. Candidate with disability, i.e., Person with Disability (PwD) shall be considered for admission as per rules and regulations specified by Dental Council of India as appended below:-

“5% seats of the annual sanctioned intake capacity shall be filled up by candidates with locomotory disability of lower limbs in between 50% to 70%.

Provided that in case any seat in this 5% quota remains unfilled on account of unavailability of candidates with locomotory disability of lower limbs between 50% to 70% then any such unfilled seat in this 5% quota shall be filled up by persons with locomotory disability of lower limbs between 40% to 50% before they are included in the annual sanctioned seats for General Category candidates”.

11. Eligibility Criteria for NRI Students

Only NEET (PG)-2024 qualified candidates (not less than 50th Percentile) can apply for admission against NRI Category seats for admission year 2024.

A foreign national may seek admission in MDS being offered by the University through the International Students Office under any of the following categories-

- (i) Candidates with nomination / sponsorship by any foreign State, Embassy or authority in India under a Study in India / Exchange Programme, etc.
- (ii) Foreign nationals or their wards who are self-financed students (not seeking admission through a mode as mentioned in (i) above).
- (iii) Non- resident Indians or their Wards (not seeking admission through a mode as mentioned in (i) above).

The definition of the terms, “Foreign Nationals, Non-resident Indians and Wards” be considered as under:-

1. Foreign Nationals: Foreign Nationals holding passports issued by foreign countries including people of Indian origin who have acquired the nationality of foreign countries are included as foreign students. Provided any subsequent changes in the definition as may be notified by the Government of India shall have the same latest meaning respectively assigned to them. The other expressions not defined herein shall have the meaning as may be assigned in any subsequent notification of the Government of India.
2. Non-resident Indians: A person shall be deemed to be Non-resident Indian for seeking admission in Panjab University if he/she fulfils the criterion (as amended from time to time) for status of NRI under Income Tax Act, 1961, in the year in which he/she seeks admission in Panjab University.

As per Income Tax Act, 1961 the present criterion for determination of status of NRI is as follows:-

‘Non-resident Indian’ is an individual who is a citizen of India or a person of Indian origin and who is not a resident of India. Thus, in order to determine whether an

Individual is a non-resident Indian or not, his residential status is required to be determined under Section 6. As per Section 6 of the Income-tax Act, an individual is said to be non-resident in India if he is not a resident in India and an individual is deemed to be resident in India in any previous year if he satisfies any of the following conditions:-

- (i) If he is in India for a period of 182 days or more during the previous year; or
- (ii) If he is in India for a period of 60 days or more during the previous year and 365 days or more during 4 years immediately preceding the previous year.

However, condition No. (ii) does not apply where an individual being citizen of India or a person of Indian origin, who being outside India, comes on a visit to India during the previous year.

A person shall be deemed to be of Indian origin if he, or either of his parents or any of his parents or any of his grand – parents, was born in undivided India.

3. Wards of Foreign Nationals and NRIs:

A student who seeks admission as a ward of Foreign National or Non-resident Indian should be in a first degree / blood relationship with foreign national or Non-resident Indian. The term first degree / blood relationship includes

- (a) spouse
- (b) children (natural / adopted / foster)
- (c) real brother and sister of father i.e. real uncle and real aunt
- (d) real brother and sister of mother i.e. real maternal uncle and maternal aunt
- (e) father and mother of father i.e. grand – father and grand-mother
- (f) Father and mother of mother i.e. maternal grand-father and maternal grand-mother
- (g) first degree-paternal and maternal cousins.

Following documents are to be attached with the application:

- a. Affidavits and undertaking (Appendix IV)
- b. Photocopy of sponsor Passport

Eligibility and Admission Criteria:

- (i) The students who will be admitted against the NRI quota should have the basic qualification fixed by the Dental Council of India for admission in Dental courses.
- (ii) A candidate once admitted as NRI candidate in an undergraduate course shall be covered under the definition of NRI for subsequent admission to any course at Panjab University.
- (iii) NRI candidates shall have to comply with any other requirements prescribed by the Govt. of India and Panjab University from time to time.
- (iv) The Foreign Nationals and NRI candidates shall provide the following certificates / documents:-
 - (a) The Foreign National and NRI students wishing to join MDS course of the Panjab University for the first time are required to obtain an eligibility certificate from the Deputy Registrar (General), Panjab University, Chandigarh or Academic Certificates of passing the qualifying or equivalent examination approved by the Association of Indian Universities (AIU)/ Commonwealth Universities/ International Association of Universities (IAU) as equivalent to the corresponding Indian Degrees/ Certificates.
 - (b) The foreign students admitted are required to fill up Foreign Student Information

System (FSIS) Form complete in all respects, along with copies of passport and Visa and submit to the office of Dean International Students, Panjab University, Chandigarh. This form is an urgent requirement of the Foreign Registration Office (FRO), Sector-9, Chandigarh and the candidate has to report to the Foreign Registration Office (FRO) within fourteen days of arrival in Chandigarh, with the number generated after the online submission of this form. Foreign Students Information System (FSIS) is to be submitted by hand by the candidate and the FSIS No. will be issued by this Office personally to the students.

- (c) Foreign Students Welfare Fee @ Rs.1500/- per student. Each NRI/Foreign Student is required to submit the same in cash, which may be deposited with the 'Extension Counter, State Bank of India, Administrative Block, Panjab University, Chandigarh. Original Receipts of the fee deposited is to be submitted to the office of the Dean International Students along with Registration Form (To be submitted after Confirmation of Admission).
- (v) The seats of Foreign Nationals and NRI are "Inter-Changeable". That is, if sufficient numbers of eligible candidates are not available to fill up the seats of NRI, seats may be filled up from among the eligible candidates belonging to Foreign Nationals, and vice-versa. The conversion of seats shall be done after second counselling for NRI / Foreign National or after exhausting the waiting list of NRI / Foreign Nationals.

GENERAL INSTRUCTIONS

1. This Prospectus is subject to alteration(s) / modification(s) at any time without notice to comply with the emergent Government/Panjab University/ regulatory bodies i.e. Dental Council of India (DCI) guidelines. For updates please visit Institute website <https://dentalsciences.puchd.ac.in/show-noticeboard.php?nbid=4> from time to time. There is no equity or any rights that are /or deemed to be arising in favour of candidate.
2. Changes, if any, in the Schedule / Counseling etc. shall be notified only through website of the Institute i.e. <https://dentalsciences.puchd.ac.in/show-noticeboard.php?nbid=4>. No candidate shall be informed individually. **Candidates are advised to browse the website regularly for any announcements/changes and the Institute shall not be responsible for any fallout due to lack of information on the part of the candidate.**
3. Candidates must retain the copy of Prospectus & Printed Application Form with them. They should carefully read the instructions, rules & regulations and comply with all instructions therein strictly.
4. The allotment of speciality to the applicants for admission, shall be made by the Admission Committee as per merit determined on the basis of NEET-MDS-2024 and the choice of the speciality opted by the candidate. **Physical presence is mandatory in every counseling both for General Category and Reserved Categories candidates as per the notified dates.** The candidate must bring along all the original documents as well as a set of photocopies of all these aforementioned original documents.
5. The candidate should read the eligibility conditions/ criteria carefully. Just appearing in counseling does not entitle him/her for admission. The eligibility shall be determined by the Admission Committee on the basis of documents submitted by the candidate at the time of counseling. Those who are not eligible as per the decision of the committee will not be considered for admission. The candidates will appear in counseling at their own risk and responsibility. Eligibility is also subject to medical fitness.
6. Before applying for the admission, candidate should ensure that their BDS degree is recognized as per provisions of Dental Council of India. If it is found at any time that BDS degree is not recognized, the candidature/Admission to MDS course shall be cancelled.
7. Original certificates/documents shall have to be deposited by the candidate at the time of counseling, after the seat has been allotted to the candidate. The certificates/documents shall be returned to the candidate only after surrendering the seat or after the completion of the course.

INSTRUCTIONS FOR COUNSELING

1. All eligible candidates will be considered for admission against general category seats according to their rank/merit in the combined list, in addition to the category/categories they have applied for. For this consideration, they must fulfill the cut off criteria for General Category, as prescribed by the Dental Council of India.
2. Merit List for each category will be made separately based on the score of NEET-MDS-2024. Merit list will be displayed on the Institute Notice Board and at Institute Website. Information regarding any changes in the schedule or details of counseling shall be notified on the Institute website <https://dentalsciences.puchd.ac.in/show-noticeboard.php?nbid=4>. No individual/separate intimation will be provided by the Institute office for the same. Candidates are advised to regularly browse the Institute website /to constantly follow the changes in information, if any.
3. The allotment of speciality will be made as per the merit determined by the NEET-MDS 2024, as per the choice of speciality by the candidate, and availability of seats at the time of the counseling.
4. If an eligible candidate reports late for counseling when his/her turn according to his/her rank/merit has already been passed over, he/she will be considered as per available seat at the time of his/her actual reporting in the counseling.
5. **The candidates shall have to produce all the certificates/ degrees/ diplomas/documents in original at the time of admission/counseling as per the check list. In case the originals are not provided at the time of counseling, the seat shall not be allocated to the candidate and shall be allotted to the next eligible candidate.**
6. Any directions/order governing admissions to any of the course from the Government/Hon'ble courts/Regulatory bodies will be binding on all candidates.
7. Tuition Fee structure is given as below:

MDS Course	Fee* for General, SC, ST, BC, PwD category (Including Tuition Fee, Maintenance/ Users Charges & Contribution to Funds)
